## GOOD THINGS SAID

*"I'm a pretty strong person, but after my diagnosis I just felt lost at sea. I was looking for someone to give me a shove in the right direction. That was what Unite for HER did for me—you put me on the track and helped me see where I needed to go. I used my Wellness Passport for acupuncture, hoping that it would help with the neuropathy in my hands and feet. The first two treatments were helpful, and after the third treatment the relief was almost immediate—I walked out and felt like a million bucks! I am so grateful to Unite for HER for allowing me to see this past year as a positive, meaningful time in my life." —Eileen, woman served at Unite for HER*
