The Phoenixville Foundry
Welcome to our 11th Annual Harvest Chef Event!

"The greatness of a community is most accurately measured by the compassionate actions of its members." - Coretta Scott King

Community matters. When our patients are most in need and seek a trusted community, Unite for HER is there with unwavering support. Community is at the heart of our mission.

We form communities within our UFH family as well: a wellness community, a community of educators, an online community, a virtual cooking community, a small group support community, a chef community, and a volunteer community, all uniting as one to provide a trusted space for those in great need to feel welcomed, supported, heard, seen, cared for, and loved.

The traits above represent how we feel each day at UFH, thanks to you, our generous community. We feel welcomed, supported, heard, seen, cared for, and loved.

From our humble beginnings, through a global pandemic and to a national expansion—you leaned in so that we could thrive! You lifted us up and we now support over 5,300 patients annually!

Thank you, once again, for answering the call and showing up here tonight. We feel your energy, support, and love and look forward to once again raising funds to meet the growing need for the Unite for HER/HIM/THEM Program.
